

产品描述/Product properties

DTF11是含有丙三醇（甘油）的白墨，适用于爱普生喷头i3200。在各种膜上表现良好，具有少返油、缓沉、流畅性好、白度高、拉伸弹性好等优异性能。

DTF11 is a white ink containing glycerin, suitable for Epson i3200 printheads. It performs well on various films and features excellent properties such as superior oil-control, slow sedimentation, good fluidity, high whiteness, and good tensile elasticity.

典型性质/Typical properties

PH	9±0.5
粘度Viscosity	5±0.5 cps
过滤性Filtering property	35±5 s
D50	< 280nm

存储和安全/Storage and safety

DTF11应在室温下存放于紧闭密封的容器中，建议存储温度为>0℃，<35℃。

一般公认的工业涂料的使用安全防护措施，包括适当的通风和喷涂时使用的面具。

DTF11 store at room temperature in a tightly sealed container with a recommended storage temperature of > 0°C and < 35°C.

Generally recognized safety precautions for the use of industrial coatings include proper ventilation and masks used when spraying.
